## Diversity Scholarship Application

The WDRC is seeking bicultural and bilingual community members interested in building their skills in conflict management and mediation. Thanks to a grant from the Whatcom Community Foundation, scholarships are available for our 6 hour Understanding Conflict Workshop (\$75 value) and our 40 Professional Mediation Training (\$595 value).

*Dual Expectations of Recipients:* Scholarship recipients are expected to take the knowledge gained and apply it within their community and places of work, either formally or informally. We also hope that recipients of the Professional Mediation Training scholarships will continue on to our practicum program to become certified mediators and future WDRC volunteers. We are seeking individuals who share our interest of building constructive conflict management skills, and who want to help connect the Center to broader, underserved, sectors of the community while also building our community's capacity to sustainably manage conflict.

*Please fill out this application and mail or deliver it to 13 Prospect St. Ste 201 Bellingham, WA. 98225. Contact WDRC Executive Director, Moonwater at [director@whatcomdrc.org](mailto:director@whatcomdrc.org) or (360)676-0122 with questions. For more information, visit our website: [www.whatcomdrc.org](http://www.whatcomdrc.org).*
